(b) General standards. The following standards apply to medicare supplement policies and certificates and are in addition to all other requirements of this chapter:

- (1) A medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The policy or certificate shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage;
- (2) A medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents;
- (3) A medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under medicare will be changed automatically to coincide with any changes in the applicable medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with the changes;
- (4) A "noncancellable," "guaranteed renewable," or "noncancellable and guaranteed renewable" medicare supplement policy shall not:
 - (A) Provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium; or

- (5) (A) Except as authorized by the commissioner of this State, an issuer shall neither cancel nor nonrenew a medicare supplement

- policy or certificate for any reason other than nonpayment of premium or material misrepresentation;

The issuer shall offer the certificateholder at least the following choices:
 - (i) An individual medicare supplement policy currently offered by the issuer having comparable benefits to those contained in the terminated group medicare supplement policy; and

 - (D) If a group medicare supplement policy is replaced by another group medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new group policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced; and
- (6) Termination of a medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or to payment of the maximum benefits.
 - (c) Minimum benefit standards.

- (1) Coverage of Part A medicare eligible expenses for hospitalization to the extent not covered by medicare from the sixty-first day through the ninetieth day in any medicare benefit period;

§16-12-5.5 Benefit standards for policies or certificates issued or delivered on or after September 3, 1992. (a) The following standards are applicable to all medicare supplement policies or certificates delivered or issued for delivery in this State on or after September 3, 1992. No policy or certificate may be advertised, solicited, delivered, or issued for delivery in this State as a medicare supplement policy or certificate unless it complies with these benefit standards.

(b) The following are general standards that apply to medicare supplement policies and certificates and are in addition to all other requirements of this chapter:

- (1) A medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.
- (2) A medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.
- (3) A medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under medicare will be changed automatically to coincide with any changes in the applicable medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with such changes.
- (4) No medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.
- (5) Each medicare supplement policy shall be guaranteed renewable and:
 - (A) The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual;
 - (B) The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or material misrepresentation;
 - (C) If the medicare supplement policy is terminated by the group policyholder and is not replaced as provided under subparagraph (E), the issuer shall offer certificateholders an individual medicare supplement policy which (at the option of the certificateholder):
 - (i) Provides for continuation of the benefits contained in the group policy; or
 - (ii) Provides for the benefits that otherwise meet the requirements of this subsection;

- (D) If an individual is a certificateholder in a group medicare supplement policy and the individual terminates membership in the group, the issuer shall:
 - (i) Offer the certificateholder the conversion opportunity described in subparagraph (C); or
 - (ii) At the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy; and
 - (E) If a group medicare supplement policy is replaced by another group medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.
- (6) Termination of a medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits.
- (7) (A) A medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificateholder for the period (not to exceed twenty-four months) in which the policyholder or certificateholder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificateholder notifies the issuer of the policy or certificate within ninety days after the date the individual becomes entitled to such assistance.
- (B) If the suspension occurs and if the policyholder or certificateholder loses entitlement to the medical assistance, the policy or certificate shall be automatically reinstituted (effective as of the date of termination of such entitlement) as of the termination of the entitlement if the policyholder or certificateholder provides notice of loss of the entitlement within ninety days after the date of the loss and pays the premium

attributable to the period, effective as of the date of termination of the entitlement.

- (C) Each medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for the period provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226 (b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862 (b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificateholder loses coverage under the group health plan, the policy shall be automatically reinstituted (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within ninety days after the date of such loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

- (D) Reinstitution of the coverages:

- (i) Shall not provide for any waiting period with respect to treatment of preexisting conditions;
- (ii) Shall provide for coverage which is substantially equivalent to coverage in effect before the date of the suspension; and
- (iii) Shall provide for classification of premiums on terms at least as favorable to the policyholder or certificateholder as the premium classification terms that would have applied to the policyholder or certificateholder had the coverage not been suspended.

(c) The following are standards for basic ("core") benefits common to all benefit plans. Every issuer shall make available a policy or certificate including only the following basic "core" package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other medicare supplement insurance benefit plans in addition to the basic "core" package, but not in lieu thereof.

- (1) Coverage of Part A medicare eligible expenses for hospitalization to the extent not covered by medicare from the sixty-first day through the ninetieth day in any medicare benefit period;
- (2) Coverage of Part A medicare eligible expenses incurred for hospitalization to the extent not covered by medicare for each medicare lifetime inpatient reserve day used;

§16-12-6.2 Open enrollment. (a) No issuer shall deny or condition the issuance or effectiveness of any medicare supplement policy or certificate available for sale in this State, nor discriminate in the pricing of a policy or certificate because of the health status, claims experience, receipt of health care, or medical condition of an applicant in the case of an application for a policy or certificate that is submitted prior to or during the six month period beginning with the first day of the first month in which an individual is both sixty-five years of age or older and is enrolled for benefits under medicare Part B. Each medicare supplement policy and certificate currently available from an issuer shall be made available to all applicants who qualify under this subsection without regard to age.

- (b)(1) If an applicant qualifies under subsection (a) and submits an application during the time period referenced in subsection (a) and, as of the date of application, has had a continuous period of creditable coverage of at least six months, the issuer shall not exclude benefits based on a preexisting condition.
- (2) If the applicant qualifies under subsection (a) and submits an application during the time period referenced in subsection (a) and, as of the date of application, has had a continuous period of creditable coverage that is less than six months, the issuer shall reduce the period of any preexisting condition exclusion by the aggregate of the period of creditable coverage applicable to the applicant as of the enrollment date. The Secretary shall specify the manner of the reduction under this subsection.

(c) Except as provided for in subsection (b) and in section 16-12-12.8, subsection (a) shall not be construed as preventing the exclusion of benefits under a policy, during the first six months, based on a preexisting condition for which the policyholder or certificateholder received treatment or was otherwise diagnosed during the six months before the coverage became effective.  - (A)
 - (i) Of the insolvency of the issuer or bankruptcy of the nonissuer organization; or

 - (i) At least seventy-five per cent of the aggregate amount of premiums earned in the case of group policies; or

- (ii) At least sixty-five per cent of the aggregate amount of premiums earned in the case of individual policies;
- (B) Calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and in accordance with accepted actuarial principles and practices.
- (2) All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.
- (3) For purposes of applying subparagraph (a)(1)(A) of this section and paragraph (c)(3) of section 16-12-7.3 only, group policies issued as a result of solicitations of individuals through the mails or by mass media advertising (including both print and broadcast advertising) shall be deemed to be group policies.
- (4) For policies issued prior to September 3, 1992, expected claims in relation to premiums shall meet:
 - (A) The originally filed anticipated loss ratio when combined with the actual experience since inception;
 - (B) The appropriate loss ratio requirement from clauses (a)(1)(A)(i) and (ii) when combined with actual experience beginning with the effective date of this section; and
 - (C) The appropriate loss ratio requirement from clauses (a)(1)(A)(i) and (ii) over the entire future period for which the rates are computed to provide coverage.
- (b) The following provisions of this subsection apply to refund or credit calculations:
 - (1) An issuer shall collect and file with the commissioner by May 31 of each year the data contained in the applicable reporting form contained in Appendix A, located at the end of this chapter, which is made a part of this section, for each type in a standard medicare supplement benefit plan.
 - (2) If on the basis of the experience as reported the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since

inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in a standard medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

- (3) For the purposes of this section, policies or certificates issued prior to September 3, 1992, the issuer shall make the refund or credit calculation separately for all individual policies (including all group policies subject to an individual loss ratio standard when issued) combined and all other group policies combined for experience after the effective date of this section. The first report shall be due by May 31, 1999.
- (4) A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services, but in no event shall it be less than the average rate of interest for thirteen-week Treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based.

(c) Annual filing of rates. An issuer of medicare supplement policies and certificates issued before or after the effective date of this chapter in this State shall file annually its rates, rating schedule and supporting documentation including ratios of incurred losses to earned premiums by policy duration for approval by the commissioner in accordance with the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three years. As soon as practicable, but prior to the effective date of enhancements in medicare benefits, every issuer of medicare supplement policies or certificates in this State shall file with the commissioner, in accordance with the applicable filing procedures of this State:

- (1) (A) Appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. The supporting

documents necessary to justify the adjustment shall accompany the filing.

(B) An issuer shall make the premium adjustments as are necessary to produce an expected loss ratio under the policy or certificate as will conform with minimum loss ratio standards for medicare supplement policies and which are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for the medicare supplement policies or certificates. No premium adjustment which would modify the loss ratio experience under the policy other than the adjustments described herein shall be made with respect to a policy at any time other than upon its renewal date or anniversary date.

(C) If an issuer fails to make premium adjustments acceptable to the commissioner, the commissioner may order premium adjustments, refunds or premium credits deemed necessary to achieve the loss ratio required by this section.

(2) Any appropriate riders, endorsements, or policy forms needed to accomplish the medicare supplement policy or certificate modifications necessary to eliminate benefit duplications with medicare. The riders, endorsements, or policy forms shall provide a clear description of the medicare supplement benefits provided by the policy or certificate.

(3) An issuer shall file a certification signed by a qualified actuary stating that premium rates meet the minimum benefit and loss ratio standards required in article 10A of chapter 431, HRS, and this chapter. In determining the accuracy of any certification, the commissioner may require the issuer to submit any additional information.

(d) Public hearings. The commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form issued before or after the effective date of this chapter if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner as provided by law. §16-12-7.3 Filing and approval of policies and certificates and premium rates.

(a) An issuer shall not deliver or issue for delivery a policy or certificate to a resident of this State unless the policy form or certificate form has been filed with and approved by the commissioner in accordance with filing requirements and procedures prescribed by the commissioner.

(b) An issuer shall not use or change premium rates for a medicare supplement policy or certificate unless the rates, rating schedule and supporting documentation have been filed with and approved by the commissioner in accordance with the filing requirements and procedures prescribed by the commissioner.

(c)(1) Except as provided in paragraph (2) of this subsection, an issuer shall not file for approval more than one form of a policy or certificate of each type for each standard medicare supplement benefit plan.

(2) An issuer may offer, with the approval of the commissioner, up to four additional policy forms or certificate forms of the same type for the same standard medicare supplement benefit plan, one for each of the following cases:

- (A) The inclusion of new or innovative benefits;
- (B) The addition of either direct response or agent marketing methods;
- (C) The addition of either guaranteed issue or underwritten coverage;
- (D) The offering of coverage to individuals eligible for medicare by reason of disability.

(3) For the purposes of this section, a "type" means an individual policy, a group policy, an individual medicare select policy, or a group medicare select policy.

(d)(1) Except as provided in subparagraph (A), an issuer shall continue to make available for purchase any policy form or certificate form issued after the effective date of this section that has been approved by the commissioner. A policy form or certificate form shall not be considered to be available for purchase unless the issuer has actively offered it for sale in the previous twelve months.

- (A) An issuer may discontinue the availability of a policy form or certificate form if the issuer provides to the commissioner in writing its decision at least thirty days prior to discontinuing the availability of the form of the policy or

certificate. After receipt of the notice by the commissioner, the issuer shall no longer offer for sale the policy form or certificate form in this State.

- (B) An issuer that discontinues the availability of a policy form or certificate form pursuant to subparagraph (A) shall not file for approval a new policy form or certificate form of the same type for the same standard medicare supplement benefit plan as the discontinued form for a period of five years after the issuer provides notice to the commissioner of the discontinuance. The period of discontinuance may be reduced if the commissioner determines that a shorter period is appropriate.
- (2) The sale or other transfer of medicare supplement business to another issuer shall be considered a discontinuance for the purposes of this subsection.
- (3) A change in the rating structure or methodology shall be considered a discontinuance under paragraph (1) unless the issuer complies with the following requirements:
 - (A) The issuer provides an actuarial memorandum, in a form and manner prescribed by the commissioner, describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and existing rates.
 - (B) The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The commissioner may approve a change to the differential which is in the public interest.
- (e)(1) Except as provided in paragraph (2), the experience of all policy forms or certificate forms of the same type in a standard medicare supplement benefit plan shall be combined for purposes of the refund or credit calculation prescribed in section 16-12-7.
- (2) Forms assumed under an assumption reinsurance agreement shall not be combined with the experience of other forms for purposes of the refund or credit calculation.
- (f) An issuer shall file a certification signed by an officer of the issuer stating that the contract, policy, or certificate meets the minimum benefit standards required in article 10A of chapter 431, HRS, and this chapter. In determining the accuracy of any certification, the commissioner may require the issuer to submit any

§16-12-7.6 Permitted compensation arrangements. (a) An issuer or other entity may provide commission or other compensation to an agent or other representative for the sale of a medicare supplement policy or certificate only if the first year commission or other first year compensation is no more than two hundred per cent of the commission or other compensation paid for selling or servicing the policy or certificate in the second year or period.

(b) The commission or other compensation provided in subsequent (renewal) years must be the same as that provided in the second year or period and must be provided for no fewer than five renewal years.

(c) No issuer or other entity shall provide compensation to its agents or other producers and no agent or producer shall receive compensation greater than the renewal compensation payable by the replacing issuer on renewal policies or certificates if an existing policy or certificate is replaced.

(d) For purposes of this section, "compensation" includes pecuniary or nonpecuniary remuneration of any kind relating to the sale or renewal of the policy or certificate including but not limited to bonuses, gifts, prizes, awards, and finders fees. §16-12-8 Required disclosure provisions. (a) General rules are as follows. Medicare supplement policies and certificates shall include a renewal or continuation provision. The language or specifications of the provision must be consistent with the type of contract issued. The provision shall be appropriately captioned, shall appear on the first page of the policy, or certificate and shall include any reservation by the issuer of the right to change premiums and any automatic renewal premium increases based on the policyholder's age.

(b) Except for riders or endorsements by which the issuer effectuates a request made in writing by the insured, exercises a specifically reserved right under a

medicare supplement policy, or is required to reduce or eliminate benefits to avoid duplication of medicare benefits, all riders or endorsements added to a medicare supplement policy after date of issue or at reinstatement or renewal which reduce or eliminate benefits or coverage in the policy shall require signed acceptance by the insured. After the date of policy or certificate issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term shall be agreed to in writing signed by the insured, unless the benefits are required by the minimum standards for medicare supplement policies, or if the increased benefits or coverage is required by law. Where a separate additional premium is charged for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy.

(c) Medicare supplement policies or certificates shall not provide for the payment of benefits based on standards described as "usual and customary," "reasonable and customary," or words of similar import.

(d) If a medicare supplement policy or certificate contains any limitations with respect to preexisting conditions, the limitations shall appear as a separate paragraph of the policy and be labeled as "Preexisting Condition Limitations."

(e) Medicare supplement policies and certificates shall have a notice prominently printed on the first page of the policy or certificate or attached thereto stating in substance that the policyholder or certificateholder shall have the right to return the policy or certificate within thirty days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the insured person is not satisfied for any reason.

(f)(1) Issuers of accident and sickness policies or certificates which provide hospital or medical expense coverage on an expense incurred or indemnity basis to a person(s) eligible for medicare shall provide to those applicants a *Guide to Health Insurance for People with Medicare* in the form developed jointly by the National Association of Insurance Commissioners and the Health Care Financing Administration and in a type size no smaller than twelve point type. Delivery of the *Guide* shall be made whether or not the policies or certificates are advertised, solicited or issued as medicare supplement policies or certificates as defined in this regulation. Except in the case of direct response issuers, delivery of the *Guide* shall be made to the applicant at the time of application and acknowledgement of receipt of the *Guide* shall be

obtained by the issuer. Direct response issuers shall deliver the *Guide* to the applicant upon request but not later than at the time the policy is delivered.

The notice shall:

- (1) Include a description of revisions to the medicare program and a description of each modification made to the coverage provided under the medicare supplement policy or certificate; and
 - (2) Inform each policyholder or certificateholder as to when any premium adjustment is to be made due to changes in medicare.
- (b) The notice of benefit modifications and any premium adjustments shall be in outline form and in clear and simple terms so as to facilitate comprehension.

- (a) Issuers shall provide an outline of coverage to all applicants at the time the application is presented to the prospective applicant and, except for direct response policies, shall obtain an acknowledgment of receipt of the outline from the applicant.
- (b) If an outline of coverage is provided at the time of application and the medicare supplement policy or certificate is issued on a basis which would require revision of the outline, a substitute outline of coverage properly describing

the policy or certificate shall accompany the policy or certificate when it is delivered and contain the following statement, in no less than twelve point type, immediately above the company name:

"NOTICE: Read this outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued."

(a) Any accident and sickness insurance policy or certificate, other than a medicare supplement policy; or a policy issued pursuant to a contract under Section 1876 of the Federal Social Security Act (42 U.S.C. Section 1395 et seq.), disability income policy, or other policy identified in subsection 16-12-2(b) of this chapter, issued for delivery in this State to persons eligible for medicare shall notify insureds under the policy that the policy is not a medicare supplement policy or certificate. The notice shall be in no less than twelve point type and shall contain the following language:

One copy of the notice signed by the applicant and the agent, except where the coverage is sold without an agent, shall be provided to the applicant and an additional signed copy shall be retained by the issuer.
